For procurement of Spring Fastening Spikes, the following additional changes to AS1085.13-2002 required by ARTC are to be complied with by the Supplier:-

Clause 5 MATERIAL

Additional sentence:

*The steel hardness shall be uniform throughout the spike.*

Clause 11.3 Hardness Test

Second sentence amended to:

*The area to be tested shall normally be as indicated in Figure 1, 2 or 3, as appropriate, however any area on the spike may be subject to testing.*

Additional Requirements by ARTC

*At ARTC's sole discretion and cost additional testing may be required to be carried out. Any such testing shall be witnessed by an independent third party who is accredited to ISO 9001.*

*The supplier shall demonstrate compliance to the standard in accordance with Appendix B of AS1085.13-2002.*
