Item identification P-A100240-079G Supplier Drawing

Application Network Wide

Relevant Standards Section 3 Points and Crossings
ETA-03-03 Technical Specification for Manufacture of Components for Points and Crossing Structures

**Conditions of
Approval**

Supplier:

1. A general condition of approval is that the supplier remains accredited to ISO 9001 specifically for these products and ARTC is advised on a 12 monthly basis that accreditation is current. ARTC reserves the right to conduct its own audit of the manufacture and supply of these components to AS 19011.
2. Any subsequent change to the design, materials or manufacturing process is not covered by this approval. The manufacturer should notify ARTC of any modification or changes in order to obtain a valid certificate.
3. Supplier to provide Certificate of Conformity to confirm supply is in accordance to relevant standards and this type approval.
4. Construction of crossing to be per supplier drawing P-A100240-079G (alternate crossing angles are permitted)

ARTC:

5. Maintenance and Reliability teams to report performance issues to Standards.
