

NEW EQUIPMENT & SYSTEM APPROVAL PROFORMA		Ref: 08-08-11-041	
1	Originator Name: Dave Prentice Company: ARTC		
2	Introduction Pandrol have released a new version of the Fastclip fastening system, slightly narrower than the previously approved clip. A full testing regime was undertaken at Pandrol (Sydney), witnessed by GHD with a detailed report provided to Pandrol and ARTC (Attachment A). The Fastclip system has passed the requirements of AS1085.19		
3	Determination of Need This alternative Fastclip was designed for function and economy to meet the needs of ARTC's 30TAL heavy duty sleepers. This new fastening system is expected to be used for the majority of the upcoming concrete re-sleeper projects.		
4	Significant Change or Not This change in equipment or system is assessed as MINOR		
5	Review Panel <ul style="list-style-type: none"> John Cowie - Manager Standards & Systems Tim Calver - Standards & Technical Services Engineer Wayne Potter - Geotechnical and Environmental Standards Engineer
